How to reach & Accommodation

Rail: Rourkela is well connected by train routes with all parts of the country. It is situated on the Howrah-Mumbai line and as well as on Ranchi-Bhubaneswar line.

Road: Rourkela is connected to various towns of the state by State Highway no 10 and National Highway no. 23. Several buses ply between Rourkela and the major cities of the state like Bhubaneswar, Puri, Sambalpur etc.

How to Reach NIT

Auto/Taxis are available from Rourkela railway station which is situated 7 km away from the NIT campus.

Accommodation:

Guest House: Twin Sharing (Two Persons Per Room)
Charges : Rs. 300/- per person

**About NIT Rourkela**

National Institute of Technology Rourkela (NITR) is a premier institute in India for higher technical education, basic and applied research. Established more than 50 years ago, NIT Rourkela is now recognised as an institute of National Importance by Govt. of India. The Institute has seventeen departments and five multidisciplinary centers that offer undergraduate, post-graduate, and research courses leading to B.Tech., M.Tech., M.Sc., M.B.A., Ph.D. and D.Sc. Degrees. Spread across 647 acres carpeted by a lush green cover, the campus of NIT Rourkela is situated right at the confluence of the hills of Rourkela in the eastern part of India.

About BP Central Library

BPCL is the central library of the NIT Rourkela which caters to the educational and research needs of the academic community and its resources are consulted by scholars from all over the country. Biju Patnaik, a great social reformer, set up Regional Engineering College, Rourkela. BPCL started functioning in 1965. At present, the library holds about 74000+, 18000 back volumes of periodicals and subscribes more than 6000 online journals / database. BPCL has also many ISI codes, educational video courses & cassettes and CD-ROM etc. The library is fully automated and using RFID technology for transactions & securities. Library also uses e-prints, Dspace, Greenstone & other open source technologies for preservation & dissemination of knowledge.

About Workshop

This workshop is to provide hands-on training to library professionals by providing adequate practical knowledge which will enable to automate the libraries on their own by using Koha. The workshop will be also useful to those who wish to migrate their existing data to Koha. Workshop comprises of lectures, demonstration and hands-on training using Koha software in detail. The workshop also aims to provide basic knowledge and skills to participants in customizing Koha OPAC for creating, designing, conceptualizing and managing as website as well. The basic purpose of this workshop is to:

EMPOWERING LIBRARY PROFESSIONALS TO EMPOWER SOCIETY

About Koha

Koha is the First Open-Source (OSS) Web-based Integrated Library Management System (ILMS) that includes modules for Circulation, Cataloging, Acquisitions, Serials, Patron (Member) management, Library Branch relationships, and many more features. Koha is built using international library standards and protocols that ensure interoperability between Koha and other systems. It supports technologies and standards like MARC, Z39.50, RFID, web 2.0, etc. The user interface is configurable and adaptable and has been translated into many languages. Koha has most of the features that would be expected in an ILS, including:

1. Simple, clear interface for librarians and members (patrons)
2. Circulation and borrower management
3. Full acquisitions system including budgets and pricing information
4. Simple acquisitions system for the smaller library
5. Ability to handle multiple independent branches of libraries
6. Serials system for magazines, Journals or newspapers Reporting
7. Union catalog facility
8. Customizable search
9. Web 2.0 facilities like tagging, comment, Social sharing and RSS feeds
10. Reading lists for members

Advantage to Participants

The most specialty of this workshop is to provide Koha implementation and data migration support over telephone and online to participants up to six month from the date of workshop if they wish to implement above in their Libraries.

Target Audiences

Workshop is intended for Library and Information Science Professionals, Researchers and US students. Registration is limited to 30 participants on first come first serve basis.

Registration & Fee Particulars

Applications in the prescribed format and the registration fee as given below in the form of a DD, drawn in favor of "ELPES-III, NIT Rourkela" payable at SBI, NIT Branch, Rourkela - 769008 (Branch Code - 2109) must reach the Convener on or before September 30th, 2015.
