BPCL Wishes a Very Happy & Prosperous New Year 2017

News @ BPCL

5 days National Workshop on Library Automation...

5 days National Workshop on Library Automation (Koha), Application of RFID and Reference Management Tool (Zotero) was successfully conducted during December 5-9, 2016. More than 40 participants attended the workshop from different part of country. The basic purpose of this workshop is to equip participants with technical skills for automating their own libraries with the following objectives:

- To create awareness among professionals about open source technology & its application in library
- To make the library professionals technically sound so as to automate their library independently without any support
- To enable the library & information professionals to face the technological challenges such as multi-branch handling, installation etc.

BPCL Website - At a Glance

BPCL websites has completed 3 years and also has been analyzed one of the best library website among Indian Libraries. The website is highly benefited to the NITR community as well as internal and external library professionals.
