

# Author Workshop on Scholarly Writing and Publishing

Springer  
Nature

User Awareness Workshop (UAW-18) Series - 2017-18

BPCL is organizing an 'Author Workshop on Scholarly Writing and Publishing' in collaboration with Springer Nature which is scheduled on **March 7, 2018**.

**Venue:** Bhubaneswar Behera Auditorium (BBA)

**Target Audience:** Faculty and Research Scholars only

**Date:** 7-03-2018

The workshop content is specifically designed for authors. Faculties and research scholars interested in writing and publishing manuscripts and journal articles will find the workshop suitable.

**Time:** 9.00 AM to 1.00 PM

(Lunch & Certificates are arranged only for the registered participants)

**How to participate:** Faculties and Research scholars can register using below link and please ensure your availability to attend the same. **The last date for the registration is 4<sup>th</sup> March, 2018.** Those who were registered before in January are requested to register again using below link

**Registration link:** <http://logiquebrainexaminer.com/springer/2018/Feb/Author-Workshop/NIT-Rourkela/>

**About the Author Workshop:** The Author Workshop will focus on topics such as how to structure your manuscript with attractive title, write abstracts and compose the covering letter for the publisher including publication ethics and how to handle peer-review comments etc. This workshop will be beneficial for all faculty members and researchers interested and involved in getting their research published in international renowned publications. The workshop agenda typically consists of:

**How to plan and write manuscripts and get published in scientific journals** - In addition to practical advice for successful publication, this module will instill a sense of professionalism and international standards for scientific communication. It will be useful for anyone involved with research with a focus on providing young scientists with the skills needed for publication success.

**Author Services: support when you publish with Springer** - How does Springer assist its authors in their publication endeavors? Tools that help before, during and after publication take center stage. Springer also highlights in the workshop, the benefits to authors when they publish their book manuscripts with Springer, as it offer a variety of publication types, all in multiple online and print formats.

## Brief Bio of the Resource Person:

**Dr. Geetika Sareen** PhD in Biotechnology with a masters in communication and a degree in Business Management has been in academics and publishing for almost 19 years. She has worked for a PhD on a DBT fellowship and has published in both national and international journals. She has worked in companies like Elsevier, Wolters Kluwer and Thomson Reuters. She has conducted workshops at top Indian institutes like IIT's IISER's, CSIR labs and universities like DU, HU and PU, and other countries like Nigeria, Japan, and Iran etc. She has also presented publishing expertise at WAME and Council of science editors etc. She is got expertise in bibliometric and COPE ethics and is well versed with new modalities like open access and co-publishing partnerships.

**About Springer Nature:** Springer Nature is a global publisher that serves and supports the research community. Springer Nature aims to advance discovery by publishing robust and insightful science, supporting the development of new areas of research and making ideas and knowledge accessible around the world.
